|                                  |  | After speaking with our sponsor last semester, it appears as though Hum will be providing all of the necessary cloud instances and computing resources we will need for our capstone project. In light of this, we do not believe that we will need any additional funds allocated to our group through the SDS program. Thank you so much for your assistance in these matters, and please let us know if there is any additional information or documentation you would like from us at this time. |
